Every year the Butler Breeders have a meeting at someone's ranch to discuss the next year's sale, upcoming events, to look at cattle and just visit. We have been honored to host this year's meeting and would welcome your presence. You don't have to be a Butler Breeder to enjoy the cattle and it is a thrill to get to meet some of the folks that have impacted the breed as a whole like Janice & Vernon Webb who bred and raised VJ Tommie, Dr. Anderson who produced Coach and Field Marshall along with numerous 70-inch females, the Richey's who have been selected breeders of the year by the TLBAA in the past just to mention a few. The meeting and ranch tour are Saturday, January 23, 2009. It will begin around 10:00am with lunch provided. I will be around all day on Friday and Saturday as well, so please plan to come!

See you at the ranch,

Ed Shehee
